Mid-Month Update

April 2024

General Manager Letter

Paul Kowalski

Dear Members,

As I stated last month, Summer Camp registration has quickly begun to fill up and there are still some openings available in the weeks of July 15th and July 22nd so be sure to go ahead and get your camper signed up before we are full. BCSB is still looking to hire Lead Instructors to anchor his team for Sailing Camp so contact Noah Kipar if you know someone young or old who can help.

Music Jam is coming up on April 17th and Trivia on April 24th.

Our Junior Sailors are traveling to their first regatta of the year in Augusta on April 19th - 21st where they will sail all day and camp at night. It is a great group of kids, and they should have a great time. Thank you to the parents who are helping get all the boats and gear to these regattas so our Juniors can compete.

Also on April 20th is an SCDNR course being held at our club for children 16 years and younger to complete a boating course to operate a boat in South Carolina in accordance with new state law. There will be 2 classes offered and the test will be taken and scored at the end of each class.

Attached is the link to our sponsorship opportunity for your business or personally to sponsor and advertise at our events year-round rather than just one event. You will have the option to be included on the sponsorship page on the website that can be viewed by membership as well as the public, banners and recognition at events, advertising in our newsletters, and more.

The pool deck was pressure washed last week and I have scheduled painting of the deck this week and will hopefully start today. There are other opportunities listed under Volunteering on the website, especially under "Event for Bartending 2024" where there are 33 open slots. Gary Noble is our landscape committee representative, and he always has some projects that can earn you some volunteer hours.

Many Hands Make Light Work,
Paul Kowalski, General Manager

Mid-Month Update

April 2024

New SC State Law RE: Teens & Boating

A new South Carolina state law took effect August 18, 2023 requiring teens to take a boating course if they wish to go out on a boat on their own anywhere on state waterways.

The new requirement covers individuals currently 16 years old and younger. The new law states any type of watercraft including jet skis or anything with a 10 horsepower engine or greater.

The Beaufort Yacht & Sailing Club and Beaufort Sail & Power Squadron, now known as America's Boating Club of Beaufort in conjunction with SCDNR will host a free four-hour Safety Boating Class on April 20, 2024. This course will be held at the Beaufort Yacht & Sailing Club, 30 Yacht Club Drive, off Meridian Road on Lady's Island. You may select one of the two sessions being offered on this day. One will be from 8:30am – 12:30pm and the second will be from 1:30 – 5:30pm. The course is free and all material will be furnished however, attendees should bring materials to take notes. A test will be administered at the conclusion of the class. Upon successful completion of this class, SCDNR will issue a waterproof certificate for each applicant.

Interested individuals should go on-line to register, using the links provided below.

[SC Boating Education Class – April 20, 2024 – morning session](#)

[SC Boating Education Class- April 20, 2024 – afternoon session](#)

Applicants are encouraged to register for either one of the classes as soon as possible as there are a limited number of seats for each class. Other states that have implemented versions of this program have seen a very significant decrease in boating accidents and injuries, particularly for younger boaters. For additional information email Commander Frank Gibson at fgibson@islc.net.
